

LIGHT ABILITIES

ARCHITECTURAL LIGHTING SALES

- ARCHITECTURAL -

Light Abilities is dedicated to being a partner with the design community to find the optimum lighting solutions for buildings and their surroundings. We can help navigate the wide range of products available to find the right solution for your project design, energy requirement and budget. Today we are proud to represent a diverse range of brands that are leaders in their application area, and can offer a great deal of flexibility with their products. Give us a call to plan a visit to your office or plan a visit to our office and interactive light lab. Also visit our Website at www.lightabilities.com for the ability to view products in application areas and by brand. Let Light Abilities help you navigate the labyrinth of lighting solutions.
